

Tango/04 Computing Group at the Midmarket CIO Forum

- The event organized by IT Business Edge will gather CIOs and other IT decision makers March 14 - 16th in Orlando, FL.

Barcelona, March 9th 2010 – Tango/04 Computing Group, the European leader in Enterprise Monitoring software, will participate as a sponsor at the Midmarket CIO Forum, the IT Business Edge 2010 event that will take place March 14 - 16th at the Hyatt Regency Grand Cypress in Orlando, Florida.

The event's objective is to provide attendees an opportunity to learn first hand how leading technology providers are developing midmarket technologies to solve key business and strategic challenges that midmarket technology executives face more and more every day. Midmarket CIO Forum, will be attended only by a carefully selected group of midmarket IT executives.

Tango/04 Computing Group will be holding three private presentations for select groups of executives in which they will describe success stories from a variety of worldwide customers, identifying critical business issues and discussing how its solution can solve different midmarket business needs.

Nicolas Brosky, North America Operations Manager of Tango/04, said: *"We are really looking forward to participating in this event, since -due to its characteristics- it will give us a real chance to contact the specific group of professionals who will surely be interested in our corporate monitoring solutions and tell them about all the benefits they will obtain."*

Tango/04 will also be available for meetings at its booth, for which attendees can make an appointment in advance by e-mail at salesusa@tango04.net.
